But he can't be **BOTHERED** to see daughter Suri

IT'S A "Mission: Impossible" for Tom Cruise as he tries to choose between two beauties who each resemble a woman from his past!

Sources have claimed to The National ENQUIRER that the movie megastar is trying to make time for BOTH beautiful young assistant Emily Thomas, 22, and 33-year-old Latina media star Jessica Cediell!

"Tom's torn between these two women," a friend told The ENQUIRER. "It's bizarre, because sweet and adorable Emily is a dead ringer for Tom's

JENNIFER Aniston could soon be hearing the pitter-patter of little feet - thanks to her new BFF Sandra Bullock!

The two beauties bonded after meeting through mutual friend Gwyneth Paltrow, insiders revealed - and Sandra is helping Jen plan a secret adoption!

"Jen's leaning on Sandy to help her navigate the paperwork, interviews and selection process involved in a high-profile adoption," a

source explained.

The former "Friends" star, 46, and fiancé Justin Theroux, 43, visited the Oscar winner on July 4 at her home in Austin, Texas, said the insider.

"The main topic was babies," claimed the insider.

Jen had surprised Justin by flying to Texas where he's filming the hit HBO

series "The Leftovers." There, the pair discussed the adoption process with Sandra - who's mom to adopted son,

ex-wife Katie Holmes – and naughty Jessica looks like his former Latin squeeze Penelope Cruz!”

Insiders originally revealed to The ENQUIRER that the 53-year-old star had spent months trying to get more personal with his assistant!

“Tom’s mesmerized by Emily,” said a pal. “He doesn’t care that she has a boyfriend. He still wants to be with her!”

The love triangle between Tom, Emily and her British boyfriend, Alex Roberts, intensified after her boss wouldn’t deny rumors of an on-set romance.

That’s when Emily, in an effort to pacify Alex, changed her Facebook profile to include her boyfriend’s picture!

“He thinks she’s just trying to make him jealous – but now Tom isn’t certain that Emily is the one,” said a source.

The “Top Gun” actor also became seriously smitten after Univision reporter Jessica

interviewed him on a recent red carpet.

Eyewitnesses said Tom flirted up a storm with the busty red-lipped beauty while promoting “Mission: Impossible – Rogue Nation” – and then asked an aide to fetch her number!

“She was wearing a tight white skirt that Tom loved,” an observer said.

But Tom couldn’t make time for one gal in NYC – that being 9-year-old daughter Suri.

He was last publicly spotted with her during a Sept. 15, 2013, miniature golf outing in

New York’s Adirondack Mountains – more than 600 days ago!

Said a source: “Suri was in the city with her mother, Katie, but there’s no indication that he got together with his daughter.

“It seems all Tom can think about right now is if he’d rather date Emily or Jessica – or maybe both!”

“Sandy told them becoming a mom transformed her life for the better. She’s a big believer in adoption, and thinks Jen’s a perfect candidate,” said the insider.

As The National ENQUIRER has reported, Jen remained heartbroken at failing to conceive despite consulting fertility experts and even trying alternative therapies, including cupping.

“Sandy has been able to convince Jen to stop torturing herself with trying to get pregnant,” divulged the source.

Britney’s ‘single & ready to mingle’

Spears on the prowl for husband No. 3

NO “OOPS” about it – Britney Spears is ready to do it again and land a new husband!

“Everything she does screams, ‘I’m single and ready to mingle,’” a pal told The National ENQUIRER.

“Britney’s really auditioning for a new man in her life!”

It’s been barely two months since Brit split with boyfriend Charlie Ebersol.

But the pop princess is already putting herself on the market – and even flew a commercial airline to vacation in Hawaii!

“Britney said, ‘You can’t meet a hot new guy flying in a private plane or staying in a secluded rental home,’” added the source.

Instead, the 33-year-old “Toxic” singer stayed at the Grand Hyatt in Kauai with

her two sons – Sean, 9, and 8-year-old Jayden.

Britney also sported flirty new lavender tips for her blonder hair, and showed off her toned bikini bod in a skimpy pink bathing suit.

It’s all part of a big plan to recover from Britney’s humiliating breakup with 32-year-old Charlie.

The two began dating in October after Britney’s previous squeeze, David Lucado, reportedly cheated with a porn star.

But – as The ENQUIRER reported in March – a shattered Britney soon learned her producer boyfriend was just using her to open doors!

“For Britney,” her friend told The ENQUIRER, “looking good and finding a new man is the best revenge on Charlie!” **NE**

FORMER “Ally McBeal” star Calista Flockhart – still reeling over husband Harrison Ford’s near-fatal plane crash – is facing new heartache over her tax cheating deadbeat druggie brother, The National ENQUIRER has learned.

Gary Flockhart was sued for \$5,034 in unpaid property taxes by the town of Plymouth, Conn., according to court records.

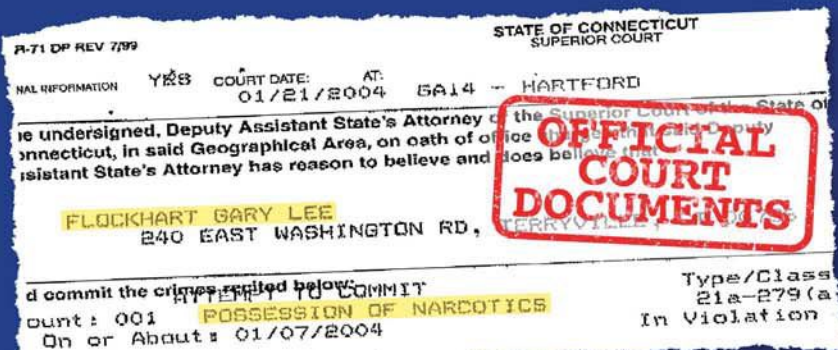

Troubled Gary, 54, was also sued for owing more than \$14,450 to Bristol Hospital – and \$620 to an ambulance company!

“The defendant, Gary L. Flockhart, has not denied the allegations cited in the plain-

Gary eventually paid the tax bill.

But as The ENQUIRER was first to report, his drug woes date back to July 2001 – when he was charged with criminal trespass and heroin possession in Bristol.

He got off with probation,

but was arrested again in Jan. 2004 in Hartford in an undercover bust operation.

He pleaded guilty to attempted possession of heroin and was fined \$180.

When contacted by The ENQUIRER, his wife, Lorraine, blasted: “We have no comment!”

BLAKE **BEATEN UP** BY MANIC MIRANDA!

She'd go nuts when he talked to another girl

COUNTRY star Miranda Lambert's angry words to Blake Shelton – “I’ll kill you!” – fueled their \$100 million divorce battle, with charges that the spitfire of a wife beat her 6-foot-5 husband!

“It was a regular occurrence for Miranda to get very drunk and hit Blake,” a shaken eyewitness told *The National ENQUIRER*.

“The fights were awkward and embarrassing for everyone around them!”

Though Miranda has denied the allegations of violence, sources claim Blake’s 5-foot-4, 125-pound wife even routinely threatened to murder her husband during the couple’s boozy brawls!

“It would usually happen when she’d see him talking to another girl,” claimed the concerned insider.

“Miranda would drunkenly

yell at him, ‘If you ever do that again, I’ll kill you!’”

Sadly, the celebrity marriage was troubled from the start: Friends and family were shocked during a party at the home of her parents in 2011 – just six months after they tied the knot – when a clash turned physical.

“[Miranda] didn’t like something that Blake said to another woman,” another witness told *The ENQUIRER*.

“She slapped him hard on the face and said, ‘Don’t talk like that! Next time you say that, I am going to put my foot in your a--!’”

Blake shouted back: “I am not your punching bag. Don’t put your hands on me!”

Blake, 39, filed for divorce from his 31-year-old wife on July 6, amid allegations that their four-year marriage was wrecked by accusations of cheating on both sides!

Both stars had their share of wild moments through the years!

“Miranda’s boozing may have steered him into the arms of other women,” an insider told *The ENQUIRER*.

“Fans didn’t know that Blake and Miranda had horrible fights throughout their marriage, and she would get physical with him, seeing how far she could push him!”

“Of course, being a man – and a foot taller and nearly 100 pounds heavier – all Blake could do was deflect her blows. He never fought

back. He would just blame her drinking!”

Blake romanced nine women during his marriage to Miranda – including singer/songwriter Cady Groves, who, after his divorce announcement, declared: “I never quit loving you – you just ran.”

Miranda also confronted her straying husband over relationships with aspiring actress Lindsey Sporrer and former season 3 “Voice” winner Cassadee Pope.

Miranda, meanwhile, was accused of running around with multiple lovers, including country hunk Chris Young – who has publicly denied being a factor in the couple’s split.

Said a concerned pal: “Blake and Miranda were the crowning couple of country music – but it was a match made in hell!” **NE**

Though a spokesman for the Oscar nominee insisted that his client is healthy and working, the actor - once considered one of the sexiest men in film history - has obviously lost lots of weight, and hasn't been on a film set in months!

HULK Hogan's next steel cage match might be behind real bars! In a shocking twist to the racist wrestler's sordid saga, The National ENQUIRER has learned that the Hulkster could land in jail after being accused of lying under oath!

Court transcripts reveal that the exiled WWE champ allegedly made conflicting statements to the FBI and to lawyers for the website Gawker.com.

If true, that means Hulk is guilty of either perjury or obstruction of justice, depending on whether he lied to the website's attorneys or the feds, said legal experts.

"Any way you slice it, either one of those exposes him to criminal liability," said Javier Solano, a former assistant district attorney in Brooklyn, N.Y.

As The ENQUIRER reported in a blockbuster world exclusive, Hulk was caught spewing a string of disgusting racial slurs on an unauthorized sex tape.

On the tape, Hulk bemoaned how a "billionaire black guy" had funded his daughter Brooke's fledgling music career.

"I don't know if Brooke was f---ing the black guy's son... I mean, I am a racist, to a point, f---ing n-ggers," Hulk raved,

according to a transcript of the conversation provided to The ENQUIRER.

After we exposed that racist diatribe, the WWE booted Hulk within hours. Now he's seeking revenge.

Lawyers for Hulk - born Terry Bollea - have asked a judge to help them "find out who was responsible for disseminating highly confidential information" - referring to the transcript provided to The ENQUIRER.

The audiotape excerpts were initially obtained by Gawker's legal team through a Freedom of Information Act request to the FBI.

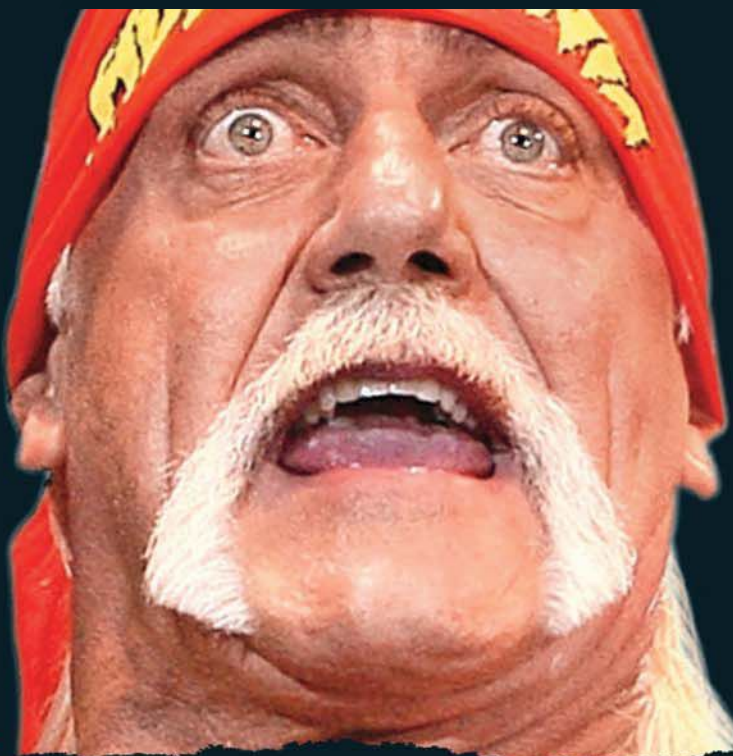

But Hulk's camp wants the judge to allow an independent electronic

IT SEEMINGLY never ends. Shamed wrestler Hulk Hogan has been caught spewing more racist filth, along with ugly homophobic slurs, The National ENQUIRER can reveal.

During a jailhouse chat with his imprisoned son, Nick, in 2008, the 61-year-

Gawker had any role in leaking that information.”

MEANWHILE, IT'S the legal wrangling surrounding the tape that experts say could prove Hulk's real undoing!

After Gawker posted a portion of the tape in 2012, Hulk slapped the site with a \$100 million civil suit, claiming it violated his right to privacy.

In fighting the suit, Gawker demanded the FBI provide details of its investigation into a blackmail attempt in-

volving the sex tape.

According to transcripts obtained by The ENQUIRER, during a July 2 hearing, a Gawker attorney told the judge that he'd learned Hulk made statements under oath during a deposition and to the FBI that are “directly at odds with one another.”

The lawyer, Seth Berlin, continued: “So we have a situation... where the key participant, the plaintiff, is telling us one thing under oath and telling the FBI

something else.”

Solano, now a criminal defense attorney, said: “He's insinuating that Hogan committed perjury in one of those proceedings.”

Anthony Brooklier, a California defense attorney, added: “That's how Martha Stewart got nailed. It wasn't insider trading that put her in jail. It was the lie she told to the cops.

If Gawker's claims are true, it means “he either lied to the feds or during the deposition with Gawker.”

Either way, disgraced Hulk could lose his freedom!

Hogan's lawyer whined in a July 30 hearing that the judge is “literally, [Hulk's] only hope for justice,” adding: “His career is done.”

A Gawker rep told The ENQUIRER: “No one from

old Hulk claimed that God gave them “energy” to live forever.

Then he told Nick: “I just hope we don't come back as ... blizz-ack gizz-uys [slang for ‘black guys’].”

The Hulk also hurled homophobic garbage in another part of the already revealed

sex tape transcript.

Recalling a visit to his childhood home for his VH1 reality show, “Hogan Knows Best,” he said: “VH1 wanted me to ... go back to the house I grew up in.

“So we knock on the door and a big f-g lives there now! This half-gay was enamored with [then-wife] Linda!”

Raven tries to PAL UP with 'Orange' star Samira

RAVEN-Symoné, co-host on "The View," has a new view on love!

The 29-year-old got flirty with another actress after splitting from her same-sex love, AzMarie Livingston of "America's Next Top Model," sources told The National ENQUIRER.

"Raven loved AzMarie!" an insider dished. "She's the first lover Raven ever gushed about in public, but I'd bet it's all over with her now."

"Why else would Raven be out flirting up a storm?"

The former "Cosby" kid was seen cozying up to "Orange Is the New Black" star Samira Wiley, who plays a lesbian prison inmate on the series, at a Big Apple restaurant on July 22.

"Raven showed up with no reservation, and was talking to the hostess, but there was no table available," said an eyewitness. "Samira was sitting at the bar not far from the entrance. Raven saw her and tried to make friends with her group, and sit with Samira."

AzMarie

Raven spent some time trying to "befriend" Samira, saying, "We should all sit together," according to the source.

But her advances were rebuffed, and she eventually left, the source added.

As The ENQUIRER exclusively reported in 2012, Raven had moved openly gay AzMarie, 28, into her New York City condo, infuriating her family.

Soon after, Raven posted on Twitter that she wasn't going to address her sexuality.

But in 2013, she celebrated a Supreme Court ruling in support of same-sex marriage by tweeting: "I can finally get married! Yay government! So proud of you."

And last year she told Oprah Winfrey: "That was my way of saying I'm proud of the country. But I will say that I'm in ... an amazing, happy relationship with my partner, a woman."

Added the insider: "It seems Raven's happy relationship is not so happy anymore!"

His mom's death takes a miserable toll on Michael

The 70-year-old "Wall Street" actor seemed pale and at least 30 pounds lighter when he was caught in the midst of a meltdown during a recent exotic getaway.

Said an eyewitness: "Michael appears a shell of his former self. He's obviously got the weight of the world on his shoulders."

The actor broke down while vacationing in the Mediterranean with wife Catherine Zeta-Jones, and their children - son Dylan, 14, and daughter Carys, 12 - were said to be joining them, sources told The ENQUIRER.

"Michael and Catherine were traveling on a yacht off the coast of Sardinia when he suffered the collapse on board," said a source close to the couple. "Despite being in paradise, he can't escape all his problems."

ADDING TO HIS misery, Michael desperately misses his son Cameron, 36, who's set to remain behind bars on drug charges until 2017, said the first source. "Michael prays every night that Cam makes it through another day behind bars."

While Catherine, 45, and Michael reunited after a brief separation in 2013, the couple continue to battle problems, insiders said.

The "Chicago" actress suffers from bipolar II disorder, and "it's wreaked havoc on

The house was signed over as a gift to 59-year-old Michael "in consideration of her natural love and affection for her husband."

But an insider reported the expensive "gift" is part of a preemptive divorce settlement - to avoid a scandal if they split!

"Paula will do anything to avoid a nasty divorce," the source told The ENQUIRER.

As revealed by The ENQUIRER in 2013, Paula's legendary food empire - which raked in \$17 million in 2012 alone - collapsed after she admitted in a legal deposition to having used the "N-word."

Since then, Paula has been quietly rebuilding her brand - while trying to keep a tight lid on Michael's rumored extramarital affair that sparked divorce rumors two years ago.

In 2013, The ENQUIRER reported Michael had carried on an intimate relationship with a middle-aged brunette who we did not identify.

JAY & BEY 'LIVING SEPARATE LIVES'

THERE is no more “Crazy in Love” for Beyoncé and rapper husband Jay Z!

Their wedding rings are off – and pals believe the two are headed straight for divorce court!

“Jay and Bey’s marriage is blowing up. They’ve living separate lives,” said an insider.

“They haven’t made an official announcement because Bey isn’t ready. But taking off their wedding rings is the first step in untangling their lives!”

Beyoncé, 33, thought giving daughter Blue Ivy, 3, a sibling might solve their problems, added the source.

“But since Bey hasn’t conceived, she’s taking it as a sign that she should leave Jay once and for all,” said the insider.

The 45-year-old rap mogul was spotted leaving a meeting in New York City on July 28 barehanded.

Beyoncé was reportedly hav-

ing the “IV” tattoo on her ring finger – which marked the couple’s April 4, 2008, wedding – removed after her sister, Solange, attacked Jay Z in a hotel elevator after a New York City society gala in May 2014.

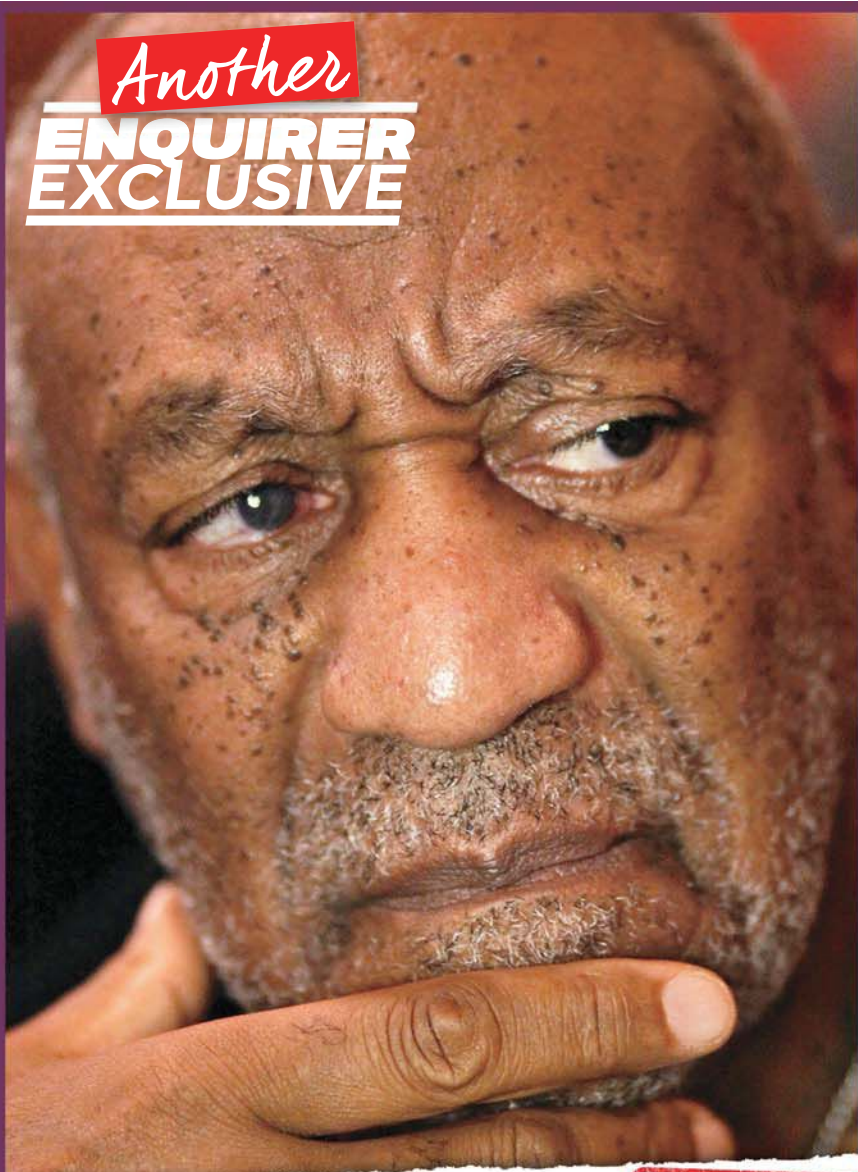

What’s more, earlier this year, The ENQUIRER exclusively reported the couple’s marriage was set to explode in a billion dollar divorce over revelations that Jay Z fathered a love child!

Rymir Satterthwaite, 21, claimed Jay Z had sex with his mother in the early 1990s, and the rapper was avoiding a DNA test for fear other illegitimate children would surface.

Said a source: “Beyoncé is trying to choreograph the split to paint herself as a victim of Jay’s philandering ways.

“She’s been meeting with lawyers, and figuring out a custody arrangement that will cause the least damage to Blue Ivy.”

Actress and 'parade' of models were assaulted

SEX maniac Bill Cosby turned the set of "The Cosby Show" into a hunting ground for abusing innocent girls - shocking court documents obtained by The National ENQUIRER reveal!

"NBC and the producers - and everyone else - looked the other way while Bill was picking up women for his twisted sexual assaults," a show insider confirmed.

"It would happen literally right in front of the show's stars like Phylicia Rashad [who played his TV wife, Clair Huxtable] and Lisa Bonet [who played Denise, one of his TV daughters]. It was absolutely sick!"

The disgraced comedian even attacked a show co-star - Lachele Covington, then 20 - The ENQUIRER has learned.

She had performed as an extra on "Cosby," after which the show's star invited her to dinner at his Manhattan townhouse - where Cosby fondled her breasts and tried to put

his hands down her pants, she complained to New York cops.

Her father, Joe, told The ENQUIRER: "If push comes to shove, my daughter will stand in a court of law and tell her story. He picked on the wrong girl!"

Lachele Covington

SADLY, Lachele was not alone in being subjected to the evil of Cosby: Our exclusive investigation

uncovered the father of five - who played the charming Dr. Cliff Huxtable - preyed on countless ladies who visited the set of the beloved family sitcom.

The show was produced by veteran industry figures Marcy Carsey and Tom Werner - who, after a flood of women accused Cosby of drugging and raping them over the

years, declared: "These news reports are beyond our knowledge or comprehension."

NBC, which aired "The Cosby Show" for eight seasons from 1984 to 1992, issued a "no comment" when asked about their high-profile star's sicko double life.

But privately Cosby has confessed to asking that young fashion models be brought to his dressing room on the show's set at the Kaufman Astoria Studios in Queens, N.Y.

In a blockbuster court deposition obtained by The ENQUIRER, the shamed comic specified that they should be from out of town and "financially not doing well" - adding that his potential victims would be in for "a very, very good meal, probably better than anything they've had."

One fashion model recruited was Jewel Allison, who

said Cosby "ordered 20 or 30 models ... like he was ordering Chinese food."

She charged: You don't order human beings like that. You don't summon young women and girls to your home or dressing room for sexual exploitation."

JEWEL, now 52, bravely recounted her traumatic incident from the late '80s when Cosby invited her back to his Upper East Side home - and then sexually assaulted her after slipping something into her wine!

"I took a few sips," she recalled. "It had a horrible taste. And I started not feeling well ... He walked me into the next room, where there was a mirror on the wall, and he told me to look at myself. Something was wrong with me. And then he took my right hand, and he put it behind my back ... That was when I knew something sexual was going on."

While Cosby has denied any wrongdoing, actor Joseph C. Phillips, who played Dr. Huxtable's son-in-law, Lt. Martin Kendall, on "The Cosby Show," recently blasted his former co-star.

In a blog post, he declared the 78-year-old was "guilty" of all that has been alleged. **NE**

CKENING ATTACKS OF 'COSBY SHOW'

Palmer, left, audaciously posed with another lion that he gunned down

Lion slaughter dentist's SEX HARASS SHAME!

THE Minnesota dentist who slaughtered Africa's most beloved lion, Cecil, has been caught preying on a beautiful blonde!

The National ENQUIRER has hunted down documents revealing big-game hunter Walter Palmer, 55, agreed to settle a lurid sexual harassment claim in June 2009!

According to records from the Minnesota Board of Dentistry, Palmer's longtime receptionist – identified as Tammy Brevik, 43 – alleged he tormented her with “verbal comments and physical conduct involving her breasts, buttocks and genitalia.”

When she reported her charges to her supervisor, Tammy claimed she was fired by Palmer.

The married father eventually paid out \$127,500 to Tammy. Palmer was also required to undergo “at least three hours” of sexual harassment training.

The bloodthirsty dentist caused an international fire-

storm in July when he allegedly shot, skinned and decapitated the rare African lion. Palmer also has a history of violating U.S. wildlife regulations.

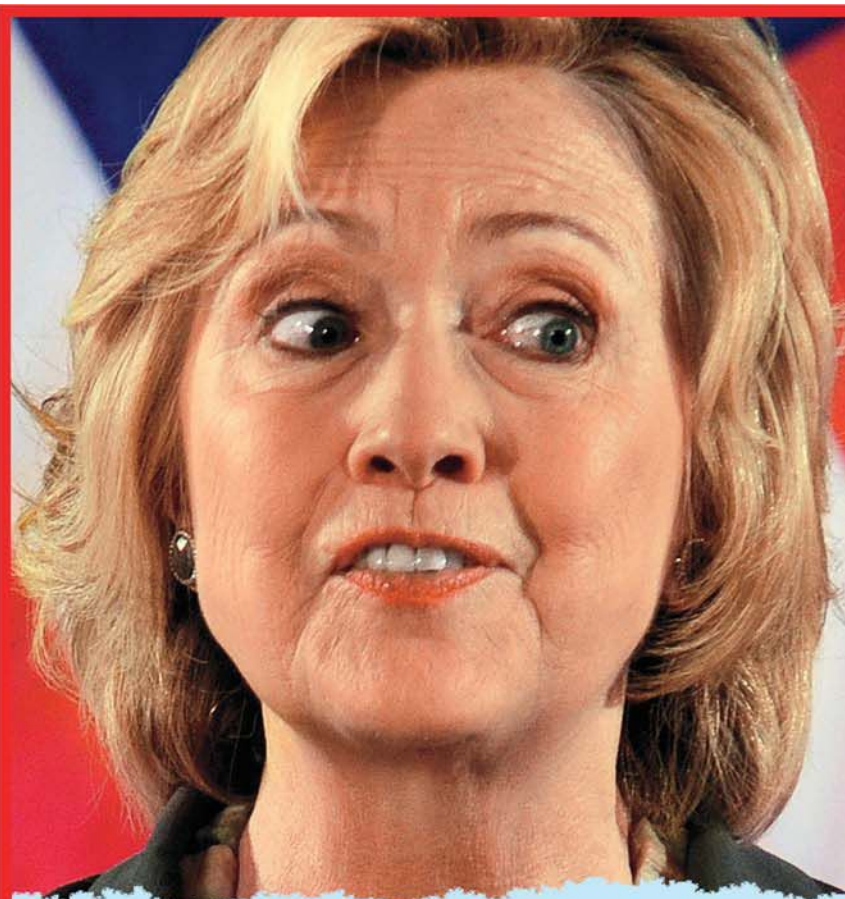

He could face an extradition request from Zimbabwe, where the country's environment minister, Oppah Muchinguri, said the “foreign poacher” must be “made accountable.”

Celebrities have also been baying for Palmer's blood on social media. Sharon Osbourne tweeted: “When he dies, I hope someone mounts his ugly-ass head to the wall.”

James Bond legend Roger Moore blasted Palmer's hobby as a “sick perversion,” and “Will & Grace” star Debra Messing demanded he be stripped of his U.S. citizenship!

Palmer has stopped seeing patients in the wake of activists marching outside his office with signs saying, “Rot in hell.”

The controversy “has disrupted our business,” he whined.

IT'S the secret Hillary Clinton doesn't want America to know – a shocker that could scuttle her dream of winning the presidency!

The National ENQUIRER can exclusively reveal this stunning bombshell: Her husband Bill's stepsister was a cocaine-snorting criminal sentenced to 45 years in prison!

Dianne Welch was convicted of drug dealing and two armed robberies, including a bank stickup.

Her sordid past is also stained with threatening her lawyer with bodily harm, as well as taking out a murder contract on a cop's life, according to legal documents obtained by The ENQUIRER.

While Welch passed away in 1998 at 52, the contents of a world exclusive interview she gave to The ENQUIRER in

1993 sheds light on just how much the Clintons worry over her past coming to light.

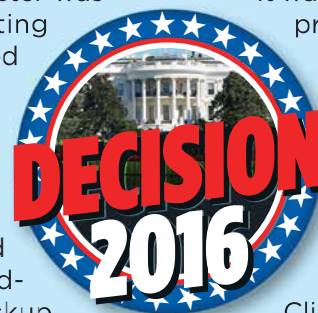

Welch told us she was released from Mountain View Maximum Security Prison in Gatesville, Texas, in 1992, after serving six years and 40 days of a 45-year sentence.

It was just three months prior that stepbrother Bill defeated incumbent President George H. W. Bush on Election Day.

“Only days before the election, two of Bill Clinton's Democratic

henchmen – both Houston attorneys – warned me to keep my mouth shut about who I really am,” Welch told The ENQUIRER. “The lawyers seemed terrified that the press would track me down at such a crucial time.”

Welch's father was Jeff Dwire – a roguish scam artist who served a year in federal

prison in Texarkana, Texas, after a 1962 conviction for embezzlement.

In 1968, Dwire married Bill's mother, Virginia, when Welch and Bill were both 22.

"I saw Bill when he came home from college," Welch said of seeing the future 42nd President at his family home.

"Bill was very polite and very serious. He never came out to dinner with the rest of the family - he stayed home studying and reading books. As a brother, he was a bit of a bore!"

HITTING ROCK bottom after a broken marriage to the owner of a Texas oil company, Welch turned criminal on March 15, 1985. That's when she bought a .38 pistol at a

pawnshop and, along with a 16-year-old thug, held up the Gold Coast Savings and Loan Bank in Sugarland, Texas.

"I walked up to the counter, pointed the revolver at a teller and said, 'This is a holdup,'" she told *The ENQUIRER*.

The teller, Jessie McClure, later told police Welch said to her: "Get this cash register opened or you get a

bullet in the head."

Although Welch netted \$902 from the heist, she was arrested a week later, and pleaded guilty to not only that robbery, but also another at a doughnut shop that same night.

She was sentenced to 10 years on each count, but skated with only parole - a brief reprieve that gave her time to start snorting coke and smoking marijuana. She admitted she also sold drugs in bars.

Welch was arrested again in April 1986, during a drug deal when she and her 16-year-old son were caught in possession of 50 pounds of marijuana!

She was slapped with a 45-

year prison sentence for both the drug deal and the prior convictions for which she only got parole.

Later that year, lawyer Matt Leeper Jr., quit as Welch's attorney - telling a court Welch "by way of telephone con-

versations, threatened defense counsel with bodily harm."

While she was still behind bars, police also accused her of trying to put out a murder contract on the cop who named her on the marijuana possession charge.

After a 1987 appeal was thrown out, Welch filed a second appeal that was granted on a technicality in 1992.

She was released just in time for Bill's victory over George, although she wasn't invited to the inauguration.

Now her posthumous legacy threatens another Clinton White House run, and only time will tell if her criminal past will torpedo this one! **NE**

Wobbly
Wonder!

Stevie can't stop **GAINING WEIGHT**

THEY don't call him "Little" Stevie Wonder anymore – and you can see why!

The National ENQUIRER has caught the Grammy-winning musical genius packing on the pounds!

"Stevie's weight has fluctuated over the years," said a pal.

"But he began to gain a lot of weight at the same time that his girlfriend did during her pregnancy last year!"

Tomeeka Bracy gave birth to Stevie's ninth child last December, when the couple welcomed baby girl Nia.

She's the couple's second child together, with 65-year-old Stevie having fathered seven other children from previous relationships.

"Tomeeka gained so much weight that everyone thought she was having more than one child!" added the insider.

As The ENQUIRER reported in late October, multiple family members were saying that Stevie and Tomeeka

originally expected triplets.

"We even bought gifts for three," said a close relative.

"We were just as surprised as everyone else when Stevie said it was going to be one child!"

But it's been more than a half a year since the baby was born. Tomeeka – who, at 41, is 24 years younger than Stevie – has taken off the excess pounds from the pregnancy.

Stevie has spent most of this year concentrating on his Songs in the Key of Life tour, and doesn't seem to be in a hurry to catch up with Tomeeka.

"In fact, he's probably put on a few more," said the source.

Friends are now worried that, as Stevie gets older, the R&B legend is putting more stress on his heart and his knees.

One source told The ENQUIRER: "Stevie needs to get on a diet and fitness regimen if he wants to see his young kids grow up!" **NE**

BLOOD LUST!

TRUEcrime

Teen brothers who executed their family planned to go on murderous rampage!

TWO twisted Oklahoma brothers slaughtered their parents and three siblings with the intentions of going on a killing spree that would put them in the history books!

Robert and Michael Bever, 18 and 16, were busted by cops while cowering in the woods behind their home after hacking their family members to death on July 23. They'll both be charged as adults with multiple counts of murder.

"I don't know if there was any remorse or anything going on," said Corporal Leon Calhoun of the Broken Arrow Police Department.

According to the medical examiner, the victims – David Bever, 52, wife April, 44, and their children, Daniel, 12, Christopher, 7, and Victoria, 5 – died from "multiple

sharp-force injuries."

Authorities recovered weapons from the scene, including a hatchet and several knives.

But police said the bloodbath was only the beginning of the brothers' sick plan for mass murder. Days after the attack, 3,000 rounds of ammo were delivered to the home.

The boys reportedly said they intended to use it to kill

so many people they'd be more famous than Dylan Klebold and Eric Harris, who shot and killed 13 people at Columbine High School in 1999.

Their rampage was only stopped when brother Daniel called 911 before they brutally eviscerated him.

Police said the phone call saved the lives of their sisters, 13 and 2, who were the only

family members to survive.

Police have described the boys as without any feelings of guilt. As for Robert, Leon said: "I just don't know if he's even comprehending what has happened, or if he really is so removed that he can't feel remorse."

But neighbors were shocked that this "typical suburban family" could be the victims of such a ghastly event.

The children were described as "polite and friendly."

"Robert loved his family," said neighbor Billie Paolini.

CROOKED PRISON WORKER'S SEX BEHIND BARS!

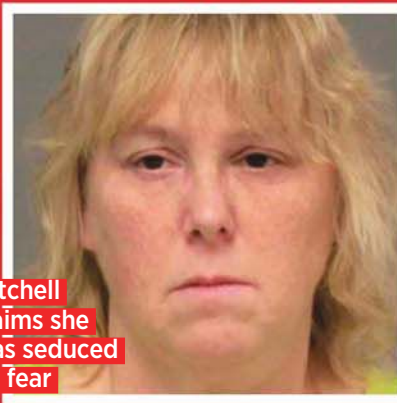

THE seduction of the prison seamstress who helped two killers escape began with a "thoughtful" family portrait!

"I helped Inmate [Richard] Matt and Inmate [David] Sweat because I was caught up in the fantasy," Joyce Mitchell said of her role in the notorious June breakout.

Mitchell, 51, revealed Matt – who was later shot and killed – wooed her for months be-

Mitchell claims she was seduced by fear

fore the escape. He won her over with a sketch of her husband, Lyle, and their kids. That's when she began doing favors for Matt, and his come-on took a dark turn.

"He kissed me with an open mouth," she said. Matt later demanded oral sex and Mitchell agreed – saying she feared for her family. She insisted she never had any sex with Sweat,

but provided him graphic pictures. "I took naked photos of my breasts and vagina and gave them to Matt to give to Sweat," she added.

Mitchell also claimed Matt then pressured her into being their getaway driver, and snuffing her husband – whom he dubbed "The Glitch."

He gave her pills to knock out Lyle so she could meet the killers outside the upstate New York prison. "The plan was to drive to my home, and Matt was going to kill 'The Glitch,'" Mitchell said. "But I panicked and couldn't." **NE**

'I'LL SEE YOU ON THE OTHER SIDE'

Valerie Harper's emotional call to longtime pal Mary Tyler Moore

JUST days before she was rushed to the hospital, Valerie Harper contacted her dear friend Mary Tyler Moore to say how much she loved her, a source told The

National ENQUIRER.

An impassioned Valerie added: "I'll see you on the other side, Mary!"

The insider told The ENQUIRER: "I think Valerie had a premonition that some-

thing bad was about to happen to her."

The "Rhoda" star - who was diagnosed with incurable brain cancer in Jan. 2013 - told an audience in May: "I'm ready. I'm ready to go."

On July 29, while preparing for an evening performance at the Ogunquit Playhouse in Maine, Valerie suffered a health emergency.

The fire department said they received a call at 8:56 p.m. about an unconscious 75-year-old female backstage, and she was taken to York Hospital.

Valerie was then moved to another hospital, and was reportedly in a coma.

As The ENQUIRER has reported, her once-sassy pal, 78-year-old Mary, is wasting away on her deathbed. She hasn't been seen in public since April 2013.

Mary and Valerie became lifelong friends when they co-starred on the iconic "The Mary Tyler Moore Show" in the 1970s.

In her 1995 memoir, "After All," Mary wrote: "We clicked immediately, and I knew I'd made a friend."

Nanny's twisted plot to get PREGNANT WITH BEN'S BABY

THE nanny caught up in Ben Affleck and Jennifer Garner's divorce plotted to get pregnant by the Hollywood hunk, The National ENQUIRER has exclusively learned!

The sly sitter, Christine Ouzounian, "fell in love with Ben when she began caring for the couple's kids this spring while they were secretly separated," a friend told The ENQUIRER.

Christine, 28, then accompanied the family to the Bahamas after Ben, 42, and Jen, 43, announced their divorce June 30.

"By then, Christine was planning to get pregnant by Ben, and

was trying to seduce him!" the pal said. "She wanted to be in the 'family way' real bad!"

While vacationing on the islands, Jen reportedly realized Christine was more interested in Ben than in caring for their three children.

"Jen sent Christine packing - and booted

Ben from the trip, too!" dished the source.

Christine

A published report said the "Batman v Superman" star was in a "hot new romance" with Christine, but he vehemently denied it - and his rep called the story "complete garbage."

When The ENQUIRER confronted Christine on July 30, she refused to discuss her relationship with Ben.

But the source added: "It's clear that Christine is an opportunist. Whether she got knocked up remains unclear!" **NE**

REST IN PEACE:
Family and friends bid

Brown inside the Georgia
hospice in her final hours

She was the troubled daughter of two mega-stars, but Bobbi Kristina Brown never lost her sense of innocence. Her gap-toothed smile could light up the room, while her bubbly personality charmed even the harshest critics. That joy was forever dimmed in the last

six months of her life as she withered away in a hospital bed – surrounded by flowers and photos of her late mother, Whitney Houston. While loved ones wept at her bedside, “Krissi” slowly slid towards a death triggered by tragedy, a sad reminder of Whitney’s own watery demise.

Captured here in this world exclusive photograph is the emotional private scene where, in the cool quiet of a hospice room, her grieving family members said their final goodbyes to the comatose 22-year-old woman. Bobbi Kristina soon thereafter slipped away to her eternal rest.

The coroner also said "no significant injuries were noted."

BANNED! Whitney daughter FRIENDS barre

The four people with Bobbi Kristina Brown just before her fatal tragedy were all ordered to stay away from her elaborate funeral, denied a chance to bid farewell to a woman they say they loved.

Family and close friends mourned Whitney Houston's 22-year-old daughter at an Aug. 1 service, but a source told The National ENQUIRER that noticeably missing were the three men and one woman who witnessed her last hours of consciousness and who police believe hold the answers to the mysterious life-ending bathtub incident last Jan. 31.

"The druggie pals that were with Krissi before she was found face down in the water-filled bathtub were not invited to the funeral," the source told The ENQUIRER. "In fact, they were barred from attending!"

Atop that list was Bobbi Kristina's notorious boyfriend Nick Gordon. The volatile self-styled "husband" of the dead girl desperately pleaded with family members to be included, and

**VICIOUS BATTLE FOR
\$20 MILLION
FORTUNE EXPLODES!**

THE death of Bobbi Kristina Brown has ignited a \$20 million "blood feud" over the fortune she inherited from superstar mom Whitney Houston!

"It's ugly," a source told The National ENQUIRER — as the Houston family fights to keep Bobbi Kristina's dad or her

"husband" Nick Gordon from grabbing Whitney's fortune!

Whitney's will stipulated that Bobbi Kristina received 10 percent of the \$20 million estate on her 21st birthday — then 6 percent more on her 25th birthday, and the rest on her 30th birthday.

If Bobbi Kristina died be-

Atlanta police provided a motorcycle escort

fore reaching 25, Whitney's will left all the money to her mother Cissy, plus her brothers Michael and Gary.

That means Bobbi Kristina couldn't leave 9/10 of Whitney's fortune to Nick or to her father, Bobby Brown!

Whitney's will leaves Bobby money – but says it's for “my

husband, Robert B. Brown.”

“Bobby will have to do some serious legal tap dancing to get any money,” the family insider told The ENQUIRER.

“He wasn't Whitney's husband when she died!”

Nick isn't mentioned in Whitney's will, even though she took in Bobbi Kristina's troubled

even sent a groveling email to her father Bobby Brown and to aunt Pat Houston in the days before the funeral.

It read in part: “I'm begging you both ... Krissi loved me very much and she would want me there.”

The family coldly dismissed his plea. Also barred were his pal Max Lomas, who placed the 911 call that fateful morning; Max's girlfriend Danyela Bradley; and Duane Hall, who partied with Bobbi Kristina some six hours before she was found unresponsive.

Invited guests had to produce government-issued identification before entering the St. James United Methodist Church in Alpharetta, Ga. for the Sweet 16 prom-themed funeral.

Seen grieving inside were Bobbi Kristina's 82-year-old grandmother Cissy Houston and close Hollywood friend and “Madea” star Tyler Perry.

A squad of police motorcycles escorted three stretch limousines carrying mourners to the church along with the hearse that carried Bobbi Kristina's silver casket. Dozens of cars followed.

The longtime feud between the Houston and Brown families exploded during the service when Bobbi Kristina's

Aunt Leolah Brown interrupted Pat Houston's eulogy, shocking mourners.

She was heard shouting “Whitney will haunt Pat Houston from the grave” before Tyler Perry had her ejected from the church. A few days before, Leolah launched a vicious attack against Pat on Facebook.

The night before the funeral, the two warring sides separately attended private viewings of Bobbi Kristina at a wake held at the Murray Brothers Funeral Home in Atlanta.

Lady J, the goddaughter of Whitney's brother, Gary Houston, told The ENQUIR-

ER: “Bobbi Kristina looked beautiful in the open casket. In fact, she looked amazing.”

An ENQUIRER reporter witnessed a makeup artist enter the funeral home and a source said: “The lady touched up Bobbi Kristina's makeup and hair in the coffin so she would look her best.”

Bobbi Kristina was due to be buried alongside her mother two days after the funeral on Aug. 3, at the Fairview Cemetery in Westfield, N.J. – exactly 183 days after being found unconscious.

Cissy filed legal documents in Atlanta that claimed her granddaughter was “a highly visible target” for people who could “benefit” from her “resources and celebrity.”

She feared Nick and her father were capable of “draining

Bobbi Kris' fortune,” and she wanted her granddaughter to “mature” before inheriting her mother's money.

Bobbi Kristina's family has already sued Nick in a wrongful death lawsuit claiming he robbed her of \$11,000 while she was in a coma.

Nick's high-powered legal team is also reportedly responsible for the leaked story that suggested Bobbi Kristina likely died as a result of self-inflicted drowning on Jan. 31.

Nick, his camp insisted, found her face down in a water-filled bathtub at their Roswell, Ga., townhouse.

According to an online report, Bobbi Kristina also "got extremely drunk the night before her mom died as the two partied at the Beverly Hilton hotel. Bobbi Kristina went up to her room, drew a bath and fell asleep in the tub ... intoxicated."

On the night the "Bodyguard" star died, Bobbi Kristina was rushed to the hospital with acute alcohol poisoning, too.

"Nick's side is obviously doing some damage control here," said the law enforcement source.

"He's probably going to claim Bobbi Kristina often took a bath when she was high and drunk."

In a previously recorded phone call, Nick reportedly said: "I'll tell you the honest truth. Krissi, she was under a lot of stress and we were all

doing drugs and you know, all drinking, bro.

"She just did too much man. I will officially stay away from bathtubs forever, I'll tell you that."

BUT A LAW enforcement source has told The ENQUIRER one of the "four working

theories" regarding Bobbi Kristina's tragedy "involves foul play at the hands of Nick Gordon."

Police responded to reports of a fight at Bobbi Kristina's home just eight days before the fatal incident, but when they arrived no one was home.

KEY WITNESS DANYELA IN SECRET INTERROGATION

BOBBI Kristina Brown's distraught family members are conducting their own investigation into her death, The National ENQUIRER has learned exclusively.

As part of their secret probe, the family duped Bobbi Kristina's close pal, 18-year-old Danyela Bradley.

She was invited to visit her while she lay in a coma at an Atlanta-area hospice.

Danyela and Bobbi Kristina

But when she arrived, family members refused to allow her into the room - and instead grilled Danyela about what her boyfriend, 24-year-old Max Lomas, knew about the circumstances, according to Danyela's sister, Lidiane Guedes.

"She didn't even get a chance to see Krissi," she told The ENQUIRER.

Lomas, an accused drug dealer, found Bobbi Kristina

unresponsive in a bathtub in her home on Jan. 31, and called 911.

Danyela was also in the home at the time.

According to Lidiane, Lomas could become a police informant and turn against Nick Gordon, his former friend and Bobbi Kristina's live-in love, in the event a grand jury is convened in the case.

told that the couple had a history of fighting, sources said.

As a result, detectives have considered the scenario that Nick knocked her out in an explosive confrontation, and then tried to “cover up” what he thought was her death, the insider added.

Supporting that theory, Bobbi Kristina’s grieving family has claimed he beat and abused her in the days and weeks before she lapsed into unconsciousness.

Her aunt Leolah even claimed Bobbi Kristina was murdered, but refused to finger Nick publicly.

NICK HAS remained silent since Bobbi Kristina’s July 26 death, though a statement released from his camp attempted to cast him in a sympathetic light.

“The passing of Bobbi Kristina is devastating to Nick and our family,” said the statement from Nick’s mother, Michelle Gordon.

Said the source: “Despite Nick’s lame confession and his team’s attempts at damage control, he’s not in the clear by any means.

“It will be up to the District Attorney to determine if Nick or anybody will be charged in the death of Whitney’s little girl.”

THE ENQUIRER LIE DETECTOR CHALLENGE

The National ENQUIRER challenges Nick Gordon to take a lie detector test and squash doubts about Bobbi Kristina Brown’s mysterious death. Speak now: We won’t give up!

CHILLING ECHOES OF ANOTHER DRUGS & BEATING DEATH

THE similarities to the death of Bobbi Kristina Brown are eerie – a case involving an assault victim who lapsed into a coma before dying.

Emmanuel “Manny” Algaria, 21, is accused of beating Catherine Salvi, 24, into a coma on Dec. 13, 2013, at the couple’s Woonsocket, R.I., apartment.

Court documents obtained

Catherine Salvi; Manny Algaria

by The ENQUIRER show that in the frantic moments after the fight, Algaria tried to revive the woman with cold water.

That is consistent with the scenario some believe unfolded when an incapacitated Bobbi Kristina was found in a bathtub of ice-cold water at the Georgia home she shared with Nick Gordon.

Algaria and a pal brought Catherine to a hospital where they told doctors the stricken woman had suffered a drug overdose – just as Nick has claimed about Bobbi Kristina.

Algaria was arrested, and under questioning admitted his role in beating Catherine, who died three weeks later.

He’s been behind bars since March 2014, and is awaiting trial.

Joe has suffered six strokes and three heart attacks

Family feud erupts as Jacko dad’s at DEATH’S DOOR

MICHAEL Jackson’s family is already battling over where to bury his domineering dad, and Joe Jackson isn’t even dead yet!

The family patriarch has suffered yet another massive stroke – this time while in Brazil with a 26-year-old singer!

Joe has been “on the verge of death,” according to family insiders at his side at the Albert Einstein Hospital in Sao Paulo.

He wants to be buried near Michael Jackson’s grave at Forest Lawn Memorial Park in Glendale, Calif. – but Michael hated Joe, and accused him of emotionally and physically abusing him as a child.

“Michael wouldn’t want Joe’s resting place anywhere near his own,” a source said.

Another insider – close to family matriarch Katherine Jackson, to whom Joe is still legally married – told The ENQUIRER that any funeral plans need to be resolved soon.

Joe reportedly woke up blind on July 26 – his 87th birthday.

“Everyone’s preparing for the

worst,” a family source told The ENQUIRER.

“Joe still can’t travel [back to the United States] and he’s in dire straits.”

Joe has diabetes, and already suffered three heart attacks and six strokes over the past two years.

This latest setback occurred while Joe was in a hotel room with French bombshell Angelina Stiliti – the busty sex symbol he travels with as a “business manager.”

In the wake of the drama, Janet Jackson postponed preparations for her upcoming Unbreakable World Tour and jetted to Brazil.

“Reports that he’s getting better are sadly exaggerated,” said the insider. “Joe’s on the verge of death!” **NE**

ALL NEW! Your HEALTH

BY DR. STUART FISCHER & LAURIE MILLER

**NEWS
YOU CAN
ALWAYS
USE!**

Eat to protect your bottom line

DIARRHEA is a common problem, and certain foods can make it worse. To minimize symptoms, plain foods are best. Thicker, bland foods – such as bananas, toast, potatoes and plain rice – can all help sufferers. Fend off dehydration with drinks that contain sugar and salt. Avoid milk, butter, ice cream, cheese, fatty foods, alcohol and caffeine. They can act as diuretics and worsen the condition.

Foods that produce gas, including eggs, cabbage, broccoli, lentils and cauliflower, are also triggers.

CLEAR YOUR HEAD!

IF YOU ever suffer from brain fog, you're not alone. It's a common condition that leaves people feeling like they can't think clearly. But a good diet can clear out the cobwebs! Lowering your sugar intake and ditching processed foods will sharpen concentration and lower blood sugar symptoms that gum up things upstairs. Eat citrus fruits high in antioxidant vitamins, which boost brain function. And eat more protein! Protein helps boost the neurotransmitters in your cranium, while too many carbs and fat can kill brain function.

Treat low testosterone

OLDER men suffering from low testosterone may experience symptoms that range from decreasing muscle mass to sexual dysfunction, fatigue and even growth of breast tissue. Happily, many new over-the-counter drugs are available to relieve these symptoms. Consult a physician to see if one's right for you. Losing weight also has been known to normalize testosterone levels. Testosterone replacement therapy is another option. Warning: The FDA issued an alert for this treatment, so ask your doctor whether it's a good solution for you.

LOWER RISK OF LYME DISEASE

LIFT untreated, Lyme disease can cause everything from an enlarged heart to impaired motor skills. It's treated with antibiotics, but the disease – which is transmitted by the bite of a common tick – can take a while to be detected. That lag can lead to a dangerous delay in treatment with the proper medication. The best medicine is prevention. Wear protective clothing, use insect repellent and do a full-body check after spending time outdoors. Showering within two hours of outdoor exposure may also help prevent transmission.

HOPE FOR ALZHEIMER'S TREATMENTS

THE clinical trials of three new drugs show promise for slowing the progression of Alzheimer's disease, according to new data. More than 5 million people in the United States suffer from the disease, and that number is expected to reach 13.5 million by 2050. The study results also support the view that identifying symptoms and early treatment can make a significant difference for people who suffer from dementia. While successful, the drugs will not be immediately available.

HEAD OFF HEART DISEASE!

HEART conditions account for 84 percent of the deaths of people ages 64 and older. But by maintaining a healthy lifestyle, you can minimize the danger. Exercise and eat a diet that's packed with fruits and vegetables, and mostly free of salt and fatty foods. Monitor your blood pressure and cholesterol levels. Keep your weight under control, and consult a doctor to determine the best weight for your age and body type. Finally, don't let stress get the best of you – it could kill you!

ENQUIRER HOW TO... LIVE TO BE 120!

Cut down on protein and you'll add years to your life, says diet expert

THE amazing Anti-Aging Diet promises to be a real-life fountain of youth! Follow it, and you could live to be 120, according to an expert.

"It's possible to survive well past a century, and it won't require any superhuman effort on your part," said health, fitness and preventive medicine expert Dr. Art Mollen.

The 70-year-old author of the best-selling book "Dr. Mollen's Anti-Aging Diet" has finished three Boston Marathons, competed in triathlons and been an expert on healthy dieting for decades.

According to Dr. Mollen, the keys to longevity are regular exercise and a low-protein diet.

"The reduction of protein is the most important element in slowing the aging process," said Dr. Mollen, who was recommended for U.S. Surgeon General. "Protein is taxing on

the kidneys, liver, heart and bones. By slashing your intake, you'll slow your body's aging mechanism!"

By reducing protein intake, your body will not only look fitter, but will also be stronger internally and more resistant to disease, he said.

There's no counting calories, and any loss of protein is balanced by the quantity and quality of food you eat.

The plan starts with the "Weight Loss Diet" stage [see chart], which "is designed to get you to your ideal weight," Dr. Mollen explained. "Then you move to the second stage, or 'Anti-Aging Lifetime Program,' for the rest of your life."

During the first stage, you'll

■ YOUNG & STRONG
Regular exercise is also key in slowing the aging process, says Dr. Art Mollen

lose about two pounds a week. He also recommends drinking 10 glasses of water a day and eliminating alcohol.

Proof that his Anti-Aging

Diet works is in the thousands of patients who have successfully followed it.

"I have one patient who is 96 and walks three miles a day, and another who is 96 and walks two miles a day and golfs three times a week," he said.

But you don't have to be close to 100 to benefit from this doctor's orders.

"One woman came to me at 31, and feeling 50," he explained. "She was 40 pounds overweight and taking meds for heart palpitations, depression, anxiety, elevated cholesterol and headaches.

"After 60 days, she lost 40 pounds. Her cholesterol and blood pressure were down, and after three years, she never gained a pound back."

Exercise is also important, he pointed out: "A 15- or 20-minute walk or workout of any sort, once a day, every day, will keep you young and strong to your 100th birthday and beyond!" **NE**

Enquiring minds want to know

O.J.'s lust for CAITLYN!

GENDER-bending Caitlyn Jenner has a famous male admirer – but it's transvestite-loving O.J. Simpson!

That's the latest twist to a romance that's been years in the making, O.J.'s manager Norman Pardo told All The Buzz!

"Caitlyn is starting to look more and more like Nicole Brown Simpson," said Norman, "and if she doesn't watch out, O.J. is going to come for her!"

Caitlyn and O.J. originally began to spend days together when she was still Bruce, and long before O.J. was accused and acquitted of the 1994 murders of his former wife, Nicole, and her friend, Ron Goldman.

"Bruce didn't have any friends, so [former wife] Kris Jenner would ask Nicole if O.J. could

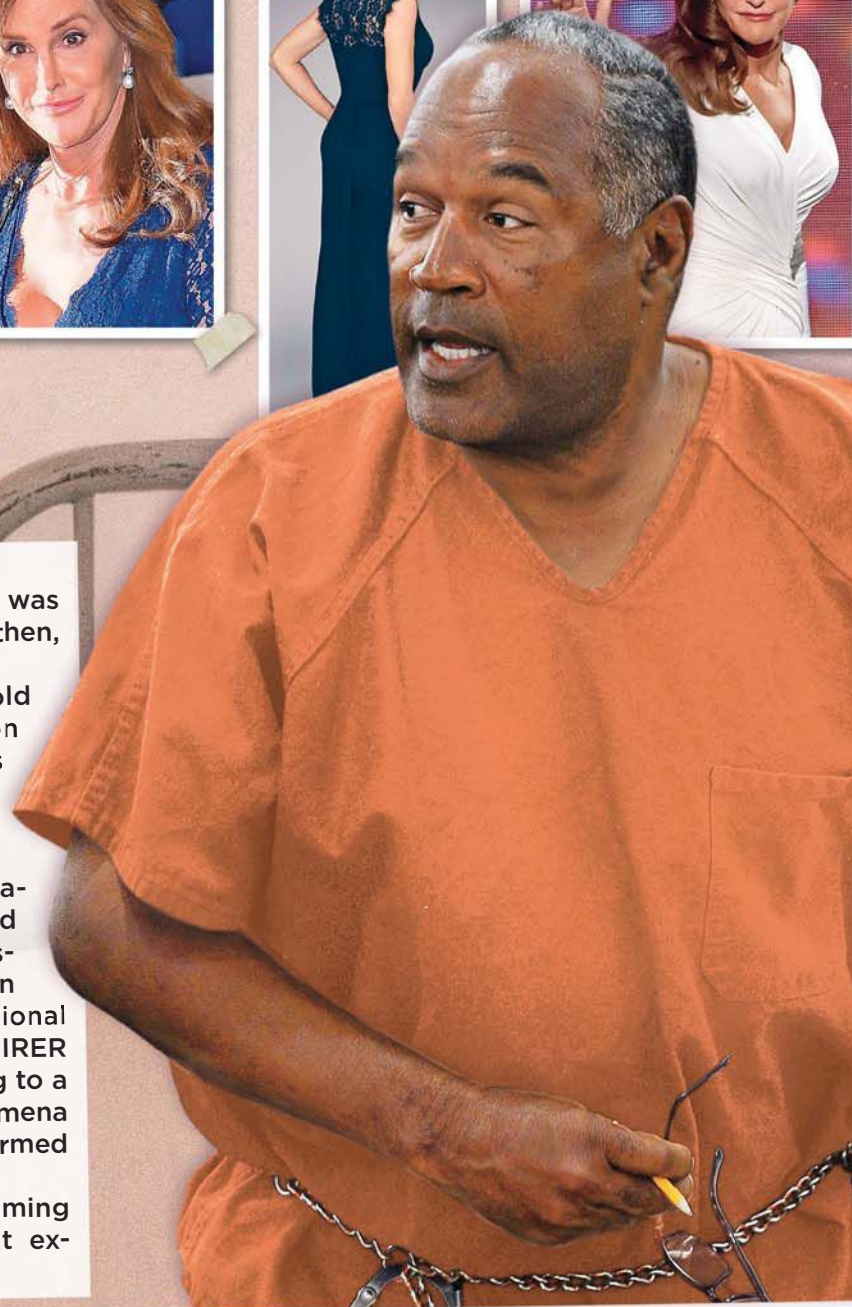

take him," Norman dished.

"But O.J. thought Bruce was a little strange. Even back then, he was feminine."

Now the Olympic gold medalist's transformation into a stunning beauty has caught O.J.'s eye – who's become a lot less judgmental while doing time!

As revealed by The National ENQUIRER, O.J. had a prison romp with transvestite Jazmena Jameson at the Lovelock Correctional Center. Telling The ENQUIRER she was the "closest thing to a woman in the prison," Jazmena flirted with O.J. and performed oral sex on him.

"Now with Caitlyn coming out," added Norman, "it explains a lot of things!"

Life of booze KILLED 'Rose Garden' singer Lynn

"DRINKING doomed her!" That was the sad refrain from friends after country music singer Lynn Anderson died of a heart attack in Nashville on July 30.

"The booze aged her terribly," a pal told All The Buzz.

"Lynn looked 20 years older than she was!"

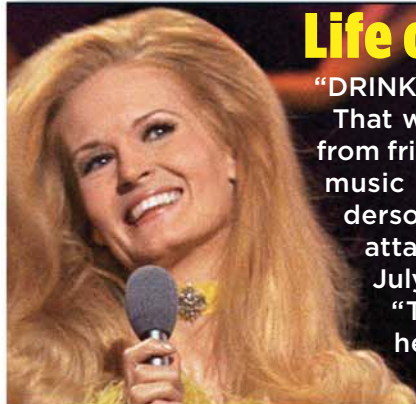

The 67-year-old star behind '70s hits like "[I Never Promised You a] Rose Garden" endured troubled decades after her career dried up in the '80s.

Last September, Lynn was busted in the last of

several DUIs and arrested for shoplifting in 2005.

The beauty queen – who recorded 11 No. 1 hits – had just returned from a trip to Italy when she was hospitalized for pneumonia.

"At least Lynn went out after a beautiful European holiday!" said the source.

Monet's Artistic Impressions
Illuminated Crystal Centerpiece
A hand-made floral arrangement

In the history of art, Claude Monet is one of the true masters. Now, his imagery is presented on a genuine crystal vase that holds an arrangement of custom-crafted flowers seemingly gathered from the art itself! "Monet's Artistic Impressions" Illuminated *Always in Bloom*® Crystal Centerpiece showcases hand-made lilies, cherry blossoms and other treasures of a 19th century garden painted by Claude Monet. Each blossom is crafted using a silky-soft material for realism, and the cobalt-blue crystal vase is adorned with Monet's "Water Lilies" imagery. Concealed within the vase, a long-lasting LED light adds radiance to the art and crystal.

Will's private paradise

A BIG star needs big privacy – and Will Smith hid away on Hawaii's Oahu island in this 28-acre estate. The home has lots of greenery to avoid it being seen from the beach, but also offers a swimming pool and hot tub if you're too famous to sun on the sand. Will sold the place to a fertilizer tycoon in 2011 for \$20 million, scoring a \$7 million profit. Now it's back on the market in the wake of the tycoon's \$4 billion divorce settlement!

Flea-o DiCaprio

HEARTTHROB Leonardo DiCaprio made a girl's skin crawl when she spotted a flea nesting in his big bushy beard!

Now Leo, 40, is being teased relentlessly by his guy pals – including Kevin Connolly and Tobey Maguire.

"Leo's being a good sport about it, but it's starting to, er, bug him now," a friend told All The Buzz. "Everyone's begging him to have the beard professionally washed every day – and a few of us have picked him up some flea powder!"

In Leo's defense, he had to grow his beard to play a frontiersman in the upcoming "The Revenant."

"But Leo's also known to go days without a shower," added the pal, "so he's just going to have to put up with it."

Global tensions for BRANGELINA

BRAD Pitt is flipping out over Angelina Jolie taking their children to danger zones!

"He loves that Angie wants to do her humanitarian work, and it's great that she wants to bring their kids along to learn about the world," a family friend told All The Buzz. "But he's worried sick about their safety!"

The actress has already taken 9-year-old Shiloh to visit Syrian and Iraqi refugee camps in Turkey this summer, and they dropped in for a visit to war-torn Lebanon.

Then Angelina took 14-year-old son Maddox to a refugee camp in stricken Myanmar!

"He knows there's nothing he can do about Angie putting herself in harm's way," said the insider.

"But he doesn't think Angie should be taking children to global hot spots!"

'Little' lovebirds

NEWLYWED Zach Roloff, star of "Little People, Big World," has big plans to start a family right away, sources said – just as his parents, Amy and Matt, get divorced!

"Matt and Amy are over the moon about Zach's plan to have a baby," said a family friend.

"They think it will keep the family going, and maybe lead to another TLC spinoff from 'Little People, Big World!'"

Zach, 25, and 24-year-old Tori Patton tied the knot on July 25 at the farm owned by Matt and Amy – where his average-sized twin brother, Jeremy, got married last year.

TLC will air the wedding as a two-hour special on August 25 but, the insider dished: "Zach and Tori's baby news was the not-so-well-kept secret of the day!"

Classic ENQUIRER

REGIS Philbin had to answer to wife Joy back in August 2000 – when The National ENQUIRER exposed his love affair with blonde Maria Majerek! Her sizzling diary entries covered their shared passion for Notre Dame football and wearing furs to bed. Regis was also caught in pillow talk complaining about his co-host Kathie Lee Gifford!

CRYPTOGRAM QUOTES

FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

ASK THE VET

WITH DR. JEFF LACROIX

Owning a pet can be a rewarding but often puzzling experience. **ENQUIRER** columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

ORPHANED WILD BUNNIES

Is it possible to raise wild bunnies? We found them when the mom was killed by a dog. Yes, you can, but to give them the best chance you should

find an experienced wildlife rehabilitator. Vets, pet shops and humane societies often have names of people in your area.

If you can't find someone experienced, here are a few points you can note. Mother rabbits nurse their babies for only five minutes a day. Thus, it is easy to overfeed them. For newborns, 2–2½ cc (ML) of Kitten Milk Replacer or goats milk given slowly by syringe twice

a day should be enough. If the eyes are not opened yet, a warm, moist cotton ball should be used to stroke the anal area after feeding to stimulate urination and defecation. As long as the room temperature is 65° to 70°, no extra heat is required – just a soft nest in a dark place.

Send your pet questions to Ask The Vet, National Enquirer, P.O. Box 1831, New York, NY 10156 or email letters@nationalenquirer.com.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

Cats with a passing
resemblance to The Donald!

TABBY TRUMPS!

POLITICS makes for strange bedfellows – and even stranger Internet fads!

Thanks to a hot trend called “Trump Your Cat,” plenty of kitties are getting their fur fixed to resemble White House hopeful Donald Trump’s one-of-a-kind combover!

The feline fad began in Oak-

land, Calif., when 29-year-old “cat-tographer” Adam Myatt had some fun while pursuing his career as a cat portraitist.

“I saw how hilarious my girlfriend’s cat looked when she brushed its hair that way,” said Adam, who posted the photos online.

Soon the entire Internet was fired up over the awesome

idea, with cat owners apprenticing to learn how to Trump their own cats!

To get the look, brush your cat, then shape the loose hair into a pile resembling The Donald’s ‘do. Now plop that beauty on your kitty’s head.

The stylish grooming isn’t just for cats. Dogs, rats, rabbits and even pigs have seen

their locks swooped into a swell Trump tribute!

We can only imagine The Donald is unhappy that he didn’t cash in on this billion-dollar idea himself. The business mogul may have his team busy designing tabby toupees, but these kitties have already styled their way to the top of The Odd List! **NE**
